

Two Days Workshop on “PCB Design and Fabrication”

A two days workshop on “**PCB Design and Fabrication**” was organized by the department of Electronics and Communication on 7th and 8th of April 2018. Principal Dr. S. S. Salimath and HOD of ECE Dr. K Prabhushetty inaugurated the workshop by watering a plant. Mr.Amogh, Harshit Reddy and Manjunath Kore were the resource persons.

On the first day of the workshop, the basics of electronic components, introduction and working of Cadsoft- Eagle software(Simulation tool), schematic Design Component, Footprint Design, Integrated Library Design, PCB Design & Routing were discussed. Students enjoyed the hands on experience and designed the layouts using cad soft software. On second day of the workshop, students designed and carried out the small projects and tested them for the accuracy.

These kinds of workshops make the students industry ready and hence bridge the gap between industry and academics.
